Ing. Sebastian Grünewald, BSc (MSc)

Vienna, sebi.gruenewald@gmail.com, LinkedIn

Skills

Java | Spring Framework | TypeScript | Angular | Databases | Camunda | Git | Python | Linux/Bash | OpenShift | CI/CD | Scrum
Application Security | Red/Blue Teaming | Malware Analysis | NIS2 | ISO 27001 | Auditing | GRC | Network Security | OS-Security |

Experience

Senior Security Architect, Full Time	**EY (Ernst & Young)**	*Vienna, Austria*	**10/2025 – Current** (5 mos)

- **Leading** a **3-person NIS2** implementation **workstream** at a public-sector client
- **Coordinating multiple engineering teams** to modernize from Java 8 to 21 at a public-sector client
- **Responsible** for **secure software development concepts** and the **implementation** of such measurements
- 1st year rating: "**Strategic Impact**"; Consistently exceeded EY's high expectations - delivering exceptional project outcomes, excelling in complex challenges, and serving as a role model for peers

Cyber Security Consultant, Full Time	**EY (Ernst & Young)**	*Vienna, Austria*	**04/2025 – 09/2025** (6 mos)

- Advising **government bodies** and **critical infrastructure** clients in the EU on the **NIS2-Directive** and **ISO 27001**

Secure Software-Engineer, Full Time	**Austrian Federal Computing Center**	*Vienna, Austria*	**06/2021 – 03/2025** (3 yrs 10 mos)

- Full-stack development in several applications with **Spring Boot, Java, OracleDB, Camunda, Angular, Typescript**
- Responsible for quality gates, security guidelines **(Sonar, OWASP)** & secure software development
- **CI/CD:** pipeline integration, pull requests, code reviews, load/stress testing, unit/integration/E2E testing **(Git, Jenkins)**
- PaaS deployment, development & configuration **(OpenShift)**
- Responsible for an apprentice and his training
- Member of CoP "Security Architecture"

Student Researcher, Diploma Project	**IBM**	*Vienna, Austria*	**02/2019 – 06/2020** (1 yr 5 mos)

- Development of an IoT monitoring system for live & historical data with **IBM Cloud, React, NodeJS, Express, JEST**

Software-Engineer, Internships	**Verbund**	*Vienna, Austria*	**07/2016, 07/2017, 07/2018, 08/2019** (4 mos)

- Supporting the development team by implementing features and unit tests with **Java**

Education

Visiting Student Researcher	**UC Berkeley**	*Berkeley, CA, USA*	**09/2025 – 05/2026**

- Master's Thesis: „Automated Security Auditing of AI-Generated Code under the NIST AI Risk Management Framework"
- **On-Site from 02/26 – 04/26**
- Courses Audited:
  - **Security**: Computer Security, Cloud Security, AI and ML in Cybersecurity, Cybersecurity Governance: Law, Policy and Economics, Cryptography, Operating Systems and System Programming
  - **AI**: Risks in and with AI, Introduction to AI, Introduction to ML
  - **Business**: Leading People, Technology Entrepreneurship, Foundations of Leadership and Influence in Tech
- World University Rankings 2026: **#1 Public School** and **#9 overall**

Master's program (MSc)	**UAS Technikum Wien**	*Vienna, Austria*	**09/2024 – 06/2026**

- Field of study: **Cybersecurity**; Major in **Offensive Security**, **Reverse Engineering/Malware Analysis** & **Forensics**
- **Head of Research Project**: "SecuRL - Improving the open-source reinforcement-learning red-teaming tool *Deep Exploit* by integrating an LLM reporting module and modernizing its core architecture"
- **Marshall Plan Scholarship** – Merit based scholarship that supports research stays in the USA for outstanding students in applied sciences and technology
- **Merit Scholarship** for the academic year 24/25

Bachelor's program (BSc)	**UAS Technikum Wien**	*Vienna, Austria*	**09/2021 – 06/2024**

- Field of Study: **Business Informatics**; Major in **Big Data** & **Web-Development**
- Bachelor's thesis: "Compliance with quality and security standards for artificially generated code in software development companies"
- **Full Merit Scholarship** (3x for the academic years 2021-2024); **GPA of 1.0**; **Best of Cohort**
- **Academic tutor** of the courses "Software Lifecycle Management" & "Junior Developer Training"

Matura (High School Diploma)	**HTL TGM Wien**	*Vienna, Austria*	**09/2015 – 06/2020**

- Technical College; Field of Study: **Information Technology**; Major in **Systems Engineering**
- NQR Level 6 (BSc)

Certificates

- IPMA – **Certified Project Management Associate (cPMA)** (02/2026)
- BCG Platinion – Certificate of Participation **Hackathon 2025** (10/2025)
- PeopleCert – **ITIL4 Foundation** (09/2025)
- EC-Council – **Certified Application Security Engineer** (12/2024)
- VMware – **Spring Certified Professional** (09/2023)
- EBCL – **Certified Manager** (05/2023)
  Balance Sheet and KPIs · Cost and Investment Accounting · Business Law and Financial Knowledge · Controlling, Budgeting, Reporting · Project Management · Marketing & Sales
- IREB – **Certified Professional for Requirements Engineering** (12/2022)
